

Technology and culture come together at *Epcot*® easily the most educational of all the *Walt Disney World*® Resort parks.

There is plenty to see, taste and discover in this park that is almost double the size of *Magic Kingdom*® Park! With fewer than a dozen attractions in all, the park's main headliners — *Remy's Ratatouille Adventure*, *Soarin' Around the World*, *Test Track*® Presented by Chevrolet and especially *Frozen Ever After* — see high waits, making an efficient *Epcot*® plan a necessity.

There are two entrances to *Epcot*®. The main entrance is positioned in front of *Spaceship Earth*, the iconic silver sphere inside *Future World*. A second entrance at *International Gateway* allows guests staying at the connecting *Epcot*® deluxe resorts easy access to *World Showcase*. Guests are allowed into the park about 15 minutes before the official opening time. The *World Showcase* attractions don't officially open until 11a.m.

A note about Remy's Ratatouille Adventure: Guests must join a "Boarding Group," or virtual queue, to ride. Capacity is very limited and fills quickly. Guests who have valid admission and a Disney Park Pass reservation for Epcot® may try at 7 a.m. (from anywhere) to join a Boarding Group using the My Disney Experience app on the day of their visit. If guests do not get a Boarding Group at the 7 a.m. distribution time, they may try at 1 p.m. (must have entered the park). You will be able to join one Boarding Group per day. If you get into a Boarding Group, you will be assigned a return time and will need to work your ride into your park plan for the day.
