

Coastal Hideaways Weymouth & Portland

Sustainability & Environmental Policy

Our Commitment

At Coastal Hideaways Weymouth & Portland, we are committed to protecting our beautiful coastline and reducing our environmental impact wherever possible. We believe that small actions can make a big difference and encourage our guests, suppliers and team members to support our sustainability efforts.

Reducing Energy Use

- Use energy-efficient lighting and appliances wherever possible.
- Switch off lights, equipment and heating when not required.
- Promote responsible energy use to guests during their stay.

Reducing Waste

- Minimise waste across our business operations.
- Encourage recycling in all accommodation where facilities are available.
- Reduce the use of single-use plastics.
- Use digital communications and documentation whenever possible to reduce paper consumption.
- Provide reusable beach toys for guests to enjoy, helping to reduce waste and support more sustainable family holidays.

Conserving Water

- Promote responsible water use to guests and staff.
- Encourage the use of water-efficient fixtures and appliances.
- Quickly address any reported leaks or maintenance issues.

Eco-Friendly Cleaning

- Use environmentally friendly cleaning products wherever practical.
- Reduce the use of harmful chemicals.
- Encourage sustainable cleaning practices across our operations.
- Select reusable cleaning materials where possible to minimise waste.

Supporting Local Businesses

- Promote local attractions, restaurants, shops and services.
- Encourage guests to explore and support the local economy.
- Work with local suppliers whenever practical.

Responsible Purchasing

- Consider environmental impact when purchasing products and services.
- Choose sustainable, recyclable or reusable products where possible.
- Favour suppliers who demonstrate responsible environmental practices.
- Purchase supplies in bulk where practical to reduce packaging waste, minimise deliveries and lower our overall carbon footprint.
- Source products locally whenever possible to support local businesses and reduce transportation emissions.

Protecting Our Coastline and Community

- Encourage respect for local wildlife, beaches and natural habitats.
- Promote responsible enjoyment of the Dorset coast and countryside.
- Support local environmental and community initiatives.
- Work closely with organisations including the Weymouth & Portland Marine Litter Project to help raise awareness of environmental issues and support efforts to keep our coastline clean and thriving.

Working Together

Our sustainability journey is ongoing. We will regularly review our practices and identify opportunities to improve our environmental performance while continuing to provide exceptional holiday experiences. We invite our guests, partners and suppliers to join us in making a positive difference for Weymouth, Portland and the wider Dorset coastline.
